### Reports and Discussions:

- Grade 1 Enrollment Report  
Heard from Superintendent Mark Fredisdorf regarding the status of enrollment in grade 1 for the upcoming school year. At the present time, 94 students are projected for grade 1. It is the recommendation of Superintendent Mark Fredisdorf with the consultation of Principal Matt Vandercar that the Board move to approve opening a fifth section of grade 1 for the 2010-11 school year. The status of enrollment and a decision when this cohort moves into grade 2 will be reviewed by June 2011.
- Review Personnel (sec. 5) and Students (sec. 7) Board Policies  
Heard from Superintendent Mark Fredisdorf who reviewed with Board President Leandra Sedlack Personnel (sec. 5) and Students (sec. 7) Board policies. Based on Illinois Association of School Boards (IASB) model policy and attorney review, minor revisions were made. The Board will approve the changes at the August meeting.
- Remedial Program Evaluation  
Heard from Superintendent Mark Fredisdorf who reviewed the remedial programs. Based on the data, the following conclusions were made:
  - Reading
    - Grade 1 Gates data confirm DIBELS results that 2-3 students are in the "at risk" category at the end of grade 1.
    - In grades 2-4, there remain approximately 3-6 students per grade reading below grade level despite existing remedial programming.
    - By grades 7 and 8, the vast majority of students are reading at or above grade level.
  - Math
    - Elementary action math students' performance on the ITBS in May 2010 is mixed at best. Grade 4 performance, in particular, was disappointing with 9 out of 14 students posting lower ITBS scores from fall 2009 to May 2010.
    - Holding elementary action math prior to the beginning of school in the morning is resulting in erratic attendance and/or non-attendance.
    - Middle school math lab results are generally positive. By grades 7 and 8, the vast majority of students are performing at grade level or above.

For the 2010-11 school year, Action Math will begin at the start of the school year, not after 1<sup>st</sup> quarter. It will also be at the end of the day so that students will be able to access the late bus and there are less activities at that time.

- District 2010-11 Goals  
Heard from Superintendent Mark Fredisdorf who reviewed the conditions of satisfaction for the 2010-11 communication goal that was drafted with Board President Leandra Sedlack. Final Board approval of the communication goal is scheduled for the August Meeting. The Curriculum goal conditions of satisfaction will be drafted by the Curriculum Council and advanced to the Board of Education for review at the August meeting.
