Happy Friday! Here's what we learned this week:

1st Grade

First graders finished up their conversation unit and now know how to ask people their name, ask how they are doing, and tell them good morning/afternoon/night.

2nd Grade

Second graders worked on their months song and played some months memory games.

3rd Grade

Third graders have been working hard and incorporating their new phrases and questions into their very own comic strips.

4th Grade

Fourth graders just finished their Spanish/Math unit and did very well on their tests. I have to finish grading a few classes, so you'll get to see the tests next Mon/Tues.

Thanks for reading and have a great weekend!
