

Dear Parents,

We would like to welcome our students and their families to our sixth grade team! We work as a team so we can, through successful planning and collaboration, provide an outstanding educational program for all of our students. We will cover a lot of material this year, and we are excited to get the ball rolling! Areas of study this year will include understanding the scientific process, extending our knowledge of mathematics, writing a multitude of stories, exploring a variety of reading genres, discovering who the first Americans were, and much, much more. We look forward to personally welcoming you to our family. Please feel free to contact us at school by phone or e-mail if you ever need anything. We hope you are as excited about this year as we are!

Sincerely,

The Sixth Grade Team
