THINKING OUT OF THE BOX

Time to break out of the winter doldrums! Pick one of the following nonsensical prompts and show us your creativity by writing at least 4-6 complete sentences with lots of descriptive words answering the question. Your imaginative answer can be just as silly as the question because there is no right or wrong response! Just make sure you are following all the grammar rules you have learned and have fun! Any artwork is welcome!

A) What would happen if you grew taller than trees? How would this change your life?

B) What if cows gave root beer instead of milk?

C) What if you could walk up walls and across ceilings?
