

Peaceable School Philosophy

- Conflict is a natural part of life.
- Conflict can be an opportunity to learn and create.
- The synergy of conflict can create new alternatives and something that was not possible before.
- The challenge for people in conflict is to apply the principles of creative cooperation.
- Without conflict there would likely be no personal growth or social change.
- The idea is not that we will experience conflicts, but how we will handle them.
- Depending on how conflicts are handled, the outcomes will be creative or destructive.
- Friendships and relationships can be built when we respond positively to conflicts.
